It's because there is always a stock of goods with prices just as advertised behind them. They want an assortment to select from, and they want to be perfectly fitted when they buy clothing and shoes.

DARING HOLD-UP.

Wickliffe Has a Sensational
Train Robbery.

Rich Haul Made By the Robbers,
Who Escaped Into
Missouri.

Wickliffe, Ky., July 12.—Six masked men flagged an Illinois Central fast mail train at Mayfield creek bridge, about three miles South of Wickliffe, Ky., at 1:20 o'clock yesterday morning. The robbers blew open the door of the express car and forced the messenger to open his safe. After robbing the safe of an amount estimated anywhere from \$1,000 to \$10,000, they cut off the engine and express car and ran to the Mississippi river, where they deserted the engine and crossed over to Missouri in a skiff. A large party of officers and detectives went to pursuit.

TRIMBLE AND MOODY.

Democratic Committee Will De-
cide Between Them.

Mr. W. B. Moody, of Henry county, was nominated by the Allen-Moody wing of the Seventh district congressional convention. Col. John R. Allen withdrew after the fortieth ballot. Mr. Moody at the time being three votes in the lead. It is probable that the State Central Committee will settle the difficulty over the nomination of two candidates by two separate wings of the convention. Mr. South Trimble, who was nominated by the regular convention, says he will submit his claims either to the Democratic primary in Owen county or in the district-at-large. The convention was very stormy and disorderly.

PROF. S. S. WOOLWINE

Retires From the Presidency of
S. K. College.

Prof. S. S. Woolwine has retired from South Kentucky College and the trustees have employed Prof. Robt. S. Couch to succeed him as principal of the female department. Ill health has made Prof. Woolwine's retirement necessary. Prof. Couch has been President of Joseph Allan college in Tennessee and is now at Chicago University taking special courses. Prof. Couch is 38 years old and is married.

Prof. A. C. Kuykendall will be president of the College and will continue to have charge of the male department.

W. K. Martin was appointed constable in district No. 7, in the place of Cyrus Boyd, resigned.

The will of the late John D. Morrison was probated Tuesday. All of his estate was left to his wife, Mary E. Morrison, who was named in the will as executrix. The instrument was drawn up Sept. 1, 1875, and was witnessed by C. H. Kenner, James Stoner and David Vaughan.

S. C. Mercer, Jr., has been appointed notary public and qualified Wednesday.

Fourteen Crazy.

Clarence Riddle, aged 10, of Owensboro, was committed to the asylum here Tuesday. He imagines he is running for President and will win easy. This makes fourteen people committed for lunacy from Daviess county since the 1st of January.

Joined The Army.

Edmund Starling, aged 19, the young son of Mr. J. M. Starling, who left home two or three weeks ago, has been heard from. He went to Ft. Thomas, near Newport, Ky., where he enlisted in Co. K, 2nd, Infantry, U. S. A. He expects to see service in Asia.

POWERS ON TRIAL.

Refused a Continuance and Jury
Being Made Up.

Taylor's Bogus Pardon Would
Not Go With Judge
Cantrill.

Georgetown, Ky., July 12.—Caleb Powers has been forced into trial and the work of securing a jury has begun. Six men have been passed out of eighteen examined, but these are subject to peremptory challenge. A special venire of 100 men has been ordered to report to-day. The Commonwealth admitted that the absent witnesses would testify as outlined in the affidavit, and as the defense had made no effort to subpoena witnesses until June 25 the court held that due diligence had not been exercised. Subpoenas were ordered issued, and the motion for a continuance was overruled. A special demurrer to the indictment on the ground that it did not specify the principal in the assassination, was overruled, as was Taylor's pardon of Powers, offered as a plea in bar. The State has consented to pay the expenses of Powers' indigent witnesses.

Died of Cancer.

Geo. W. McComb, a well known merchant at Pembroke, died at his home Tuesday, after an illness of several weeks, of cancer.

He was 37 years old, a very successful business man and exceedingly popular with all. He leaves a wife, who was Miss Charley Dickinson, of Trenton. He was a member of the Baptist church and a prominent Mason.

The interment took place Wednesday under the auspices of the Masonic fraternity.

Quinine Jim McKenzie.

Now that his cousin Adlai is a candidate, the friends of "Quinine Jim" McKenzie are hoping that he will come out of hiding in the rural districts of Christian county and mount the stump and let the people once more hear the kind of oratory that has become far too scarce in these latter days. McKenzie has but few equals and no superiors as a campaigner, and the Democrats in this section hope to hear much of him during the present campaign. —Henderson Journal.

The exodus of prominent men from the Republican party still continues. Webster Davis, until recently assistant Secretary of State, in a speech at Kansas City announced himself a Democrat and now comes the news that former Congressman Henry U. Johnson, of Indiana, a lifelong Republican, will take the stump for Bryan and Democracy.

THE PLATFORM.

The Kansas City Convention's Sound Principles.

Here is a Platform Upon Which Democrats of All Kinds Can Unite.

We, the representatives of the Democratic party of the United States, assembled in national convention on the anniversary of the adoption of the Declaration of Independence, do reaffirm our faith in that immortal proclamation of the inalienable rights of man, and our allegiance to the constitution framed in harmony therewith by the fathers of the republic. We hold with the United States Supreme Court that the Declaration of Independence is the spirit of our government, of which the constitution is the form and letter. We declare again that all governments instituted among men derive their just powers from the consent of the governed; that any government not based upon the consent of the governed is tyrannical and that to impose upon any people a government of force is to substitute the methods of imperialism for those of a republic. We hold that the constitution follows the flag and denounce the doctrine that an executive or congress, deriving their existence and powers from the constitution, can exercise lawful authority beyond it, or in violation of it. We assert that no nation can long endure half republic and half empire, and we warn the American people that imperialism abroad will lead quickly and inevitably to despotism at home.

First Act in Imperialism.
Believing in these fundamental principles, we denounce the Porto Rican law, enacted by the Republican congress, against the protest and opposition of the Democratic minority, as a bold and open violation of the nation's organic law and flagrant breach of national good faith. It imposes upon the people of Porto Rico a government without their consent and taxation without representation. It brings dishonor to the American people by repudiating a solemn pledge made in their behalf by the commanding general of our army, which the Porto Ricans welcomed to peaceful and unresisted occupation of their lands. It doomed to poverty and distress a people whose helplessness appeals with peculiar force to our justice and magnanimity. In this first act of an imperialistic program, the United States to a colonial policy, inconsistent with republican institutions and condemned by the supreme court in numerous decisions.

Our Pledge to Cuba.

We demand a prompt and honest fulfillment of our pledge to the Cuban people and the world that the United States has no disposition nor intention to exercise sovereignty, jurisdiction, or control over the island of Cuba, except for its pacification. The war ended nearly two years ago and profound peace reigns over all the island, and still the administration keeps the government of the island from its people, while Republican carpet-bag officials plunder its revenues and exploit the colonial theory to the disgrace of the American people.

Justice to Filipinos.

We condemn and denounce the Philippine policy of the present administration. It involved the republic in an unnecessary war, sacrificed the lives of many of our noblest sons, and placed the United States, previously known and applauded throughout the world as the champion of freedom, in the crushing with military force the efforts of our former allies to achieve liberty and self-government. The Filipinos cannot be citizens without endangering our civilization. They cannot be subjects without imperiling our form of government, and as we are not willing to surrender our civilization or convert the republic into an empire, we favor the immediate declaration of the nation's purpose to give to the Filipinos: First, a stable form of government; second independence, and third, protection from outside interference, such as has been given for nearly a century to the republics of Central and South America. The greedy corner-

China which disrupted the Philippine policy of the present administration, to justify it with the plea that it will pay, but even this sordid and unworthy plea fails when brought to the test of facts. The war of "criminal aggression" against the Filipinos, entailing an annual expense of many millions, has already cost more than any possible profit that could accrue from the entire Philippine Islands. When trade is extended at the expense of liberty, the price is always too high.

Rightful Expansion.

We are not opposed to territorial expansion when it takes in desirable territory which can be erected into states in the union and whose people are willing and fit to become American citizens. We favor trade expansion by every peaceful and legitimate means. But we are unalterably opposed to the seizing or purchasing of distant islands to be governed outside the constitution and whose people can never become citizens. We are in favor of extending the republic's influence among the nations, but believe that influence should be extended, not by force and violence, but through the persuasive power of high and honorable example.

The Paramount Issue.

The importance of other questions now pending before the American people is in no wise diminished and the Democratic party takes no backward step from its position on them, but the burning question of imperialism growing out of the Spanish war involves the very existence of the republic and the destruction of our free institutions. We regard it as the paramount issue of the campaign.

The Monroe Doctrine.

The declaration in the Republican platform adopted at the Philadelphia convention held in June 1900, that the Republican party "steadfastly adheres to the policy announced in the Monroe doctrine" is manifestly insincere and deceptive. This profession is contradicted by the avowed policy of that party, in opposition to the spirit of the Monroe doctrine, to acquire and hold sovereignty over large areas of territory and large numbers of people in the Eastern hemisphere. We insist on a maintenance of the Monroe doctrine in all its integrity, both in letter and in spirit, as necessary to prevent the extension of European authority on this continent and as essential to our supremacy in American affairs. At the same time we declare that no American people shall ever be held by force in unwilling subjection to European authority.

Danger of Militarism.

We oppose militarism. It means a strong arm which has ever been fatal to free institutions. It is what millions of our citizens have fled from in Europe. It will impose upon our peace-loving people a large standing army, an unnecessary burden of taxation and a constant menace to their liberties. A small standing army and well-disciplined state militia are amply sufficient in time of peace. This republic has no place for a vast military service and conscription. When the nation is in danger the volunteer soldier is his country's best defender. The national guard of the United States should ever be cherished in the patriotic hearts of every free people. Such organizations are ever the element of strength and safety. For the first time in our history and coeval with the Philippine conquest has there been a wholesale departure from our time-honored and approved system of the volunteer organization. We denounce it as un-American, undemocratic and unreplicable, and as a subversion of the ancient and fixed principles of a free people.

The Trusts.

Private monopolies are indefensible and intolerable. They destroy competition, control the price of all the raw material and of the finished product, thus robbing both the producer and the consumer. They lessen the employment of labor, and arbitrarily fix the terms and conditions thereof, and deprive individual energy and small capital of the opportunity for betterment. They are the most efficient means yet devised for appropriating the fruits of industry to the profit of the few at the expense of the many, and unless their insatiable greed is checked all wealth will be aggregated in a few hands and the republic destroyed. Dishonest paltering with the trust evil by the

Republican party in state and national platform is no more proof of the truth of the charge that the trusts are the highest product of Republican policy than they are fostered by Republican laws, and that they are protected by the Republican administration in return for campaign subscriptions and political support. We pledge the Democratic party to unceasing warfare in nation, state and city against private monopoly in every form. Existing laws against trusts must be enforced and more stringent ones must be enacted, providing for publicity as to the affairs of corporations to show, before doing business outside of the state of their origin, that they have no water in their stock and that they have no attempted and are not attempting to monopolize any branch of business or production of any articles of merchandise, and the whole constitutional power of congress over interstate commerce, the mails and all modes of interstate communication shall be exercised by the enactment of comprehensive laws upon the subject of trusts.

The tariff laws should be amended by putting the products of trusts on the free list, to prevent monopoly under the plea of protection.

The failure of the present Republican administration, with absolute control over all branches of the national government, to enact legislation designed to prevent or even curtail the absorbing power of trusts and illegal combination, to enforce anti-trust laws already on the statute books, proves the insincerity of the high-sounding phrases of the Republican platform. Corporations should be protected in all their rights and their legitimate interests should be respected, but any attempt by corporations to interfere with the public affairs of the people, or to control the sovereignty which creates them, should be forbidden under such penalties as will make such attempts impossible.

We condemn the Dingley tariff law as a trust breeding measure, skillfully devised to give the favors which they do not deserve and to place them upon the many burdens which they should not bear.

We favor such enlargement of the scope of the interstate commerce law as will enable the commission to protect individuals and communities from discriminations and the public from unjust and unfair transportation rates.

The Financial Question.

We reaffirm and endorse the principles of the national Democratic platform at Chicago in 1896, and reiterate the demand of that platform for an American financial system, made by the American people for themselves, which shall restore and maintain the bimetallic price level, and as a part of such system the immediate restoration of the free and unlimited coinage of silver and gold at the present legal ratio of 16 to 1, without waiting for the aid or consent of any other nation.

We denounce the currency bill enacted at the last session of congress as a step following in the Republican policy which amounts to a discredit of the sovereign right of the national government to issue all money, whether coin or paper, and to issue the national banks the power to issue and control the volume of paper money for their own benefit. A permanent national bank currency, secured by government bonds, must have a permanent debt to rest upon, and if the bank currency is to increase with the population, the national debt must also increase. The Republican currency scheme is therefore a scheme for fastening upon the taxpayers a perpetual and growing debt—a debt for the benefit of the banks. We are opposed to this private corporation paper circulation as money, but without legal tender qualities, and demand the retirement of national bank notes as fast as government paper or silver certificates can be substituted for them.

Election of Senators.

We favor an amendment to the federal constitution providing for the election of United States senators by direct vote of the people, and we favor direct legislation wherever practicable.

We are opposed to government by injunction. We denounce the blacklist and favor abolition as a means of settling disputes between corporations and their employees. In the interest of American labor and the

uplifting of the working man as the cornerstone of the prosperity of our country, we recommend that congress enact a department of labor, in charge of a secretary, with a seat in the cabinet, believing that the elevation of the American laborer will bring with it increased production and increased prosperity to our country at home and to our commerce abroad.

We are proud of the courage and fidelity of the American soldiers and sailors in all our wars. We favor liberal pensions to them and their dependants and we reiterate the position taken in the Chicago platform in 1896 that the fact of enlistment and service shall be deemed conclusive evidence against disease and disability based on enlistment.

Nicaragua Canal.

We favor the immediate construction, ownership and control of the Nicaragua canal by the United States and we denounce the insincerity of the plank in the national Republican platform for an isthmian canal in the face of the failure of the Republican majority to pass the bill pending in congress. We condemn the Hay-Paunce-fot treaty as a surrender of American rights and interests, not to be tolerated by the American people.

We denounce the failure of the Republican party to carry out its pledges to grant statehood to the territories of Arizona, New Mexico and Oklahoma, and we promise the people of those territories immediate statehood, and home rule and a territorial form of government for Alaska and Porto Rico.

We favor an intelligent system of improving the arid lands of the West, storing waters for the purpose of irrigation and holding of such lands for actual settlers.

We favor the continuance and strict enforcement of the Chinese exclusion law and its application to the same classes of Asiatic races.

English Alliance.

Jefferson said: "Peace, commerce and honest friendship with all nations, entangling alliances with none." We approve this wholesome doctrine and earnestly protest against the Republican departure which involved us in so-called world politics, including the diplomacy of Europe and the intrigue and land grabbing of Asia, and we especially condemn the ill-concealed alliance with England, which must mean discrimination against our friendly nations and which has already stifled the nation's voice while liberty is being strangled in Africa. Believing in the principles of self-government and rejecting as did our forefathers, the claim of monarchy, we view with indignation the purpose of England to overwhelm with force the South African republics. Speaking as we do for the entire American nation, except Republican officeholders, and for all free men everywhere, we extend our sympathies to the heroic Boers in the unequal struggle to maintain their liberty and independence.

Republican Extravagance.

We condemn the lavish appropriations of the recent Republican congresses, which keeps taxes high and which threaten the perpetuation of the oppressive war taxes. We oppose the accumulation of a surplus to be squandered in such barefaced frauds upon the taxpayers as the shipping subsidy bill, which under the false pretense of fostering American shipbuilding, would put unearned millions into the pockets of favorite contributors to the campaign fund. We favor the reduction and speedy repeal of the war taxes and a return to the time-honored Democratic policy of strict economy in governmental expenditures.

Believing our most cherished institutions are in great peril, that the very existence of our constitutional republic is at stake, and that the decision to be rendered will determine whether or not our children are to enjoy the blessed privileges of free government which made the United States a great, prosperous and honored nation, we earnestly ask for this declaration of principles the hearty support of the liberty-loving American people, regardless of previous party affiliations.

IS IT RIGHT

For an Editor to Recommend Patent Medicines?

From Sylvan Valley News Broad, N. C.

It may be a question whether the editor of a newspaper has the right to recommend any of the various proprietary medicines which flood the market, yet as a preventive of suffering we feel it our duty to say a good word for Chamberlain's Colic, Cholera and Diarrhoea Remedy. We have known and used this medicine in our family for twenty years and always found it reliable. In many cases a dose of this remedy would save hours of suffering while a physician is awaited. We do not believe in depending implicitly on any medicine for a cure, but we do believe if a bottle of Chamberlain's Diarrhoea Remedy were kept on hand and administered at the inception of an attack much suffering might be avoided and many cases the presence of a doctor would not be required. At least this is our own experience during the past twenty years. Sold by R. C. Hardwick.

A New Yorker recently turned out his one hundred and twenty-seventh patented invention.

Tetter, Fall-Itch and Eczema.

The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sores. 25 cts per box. For sale by R. C. Hardwick.

BLOOD POISON CURED BY B. B. B.

Bottle Free To Sufferers.

Deep seated, obstinate cases, the kind that have resisted doctors, hot springs and patent medicine treatment, quickly yield to B. B. B. (Bottled Blood Balm), thoroughly tested for 30 years. Have you mucous patches in the mouth? See Throat? Eruption? Eating Sore? Bone Pain? Itching Skin? Stomach Glauk? Stiff Joints? Copper Colored Spots? Chancres? Ulceration on the body? Hair and eyebrows fall out? Is the Skin a mass of boils, pimples and ulcers? Then this wonderful B. B. B. specific will completely change the whole body into a clean condition, free from eruptions, and skin smooth with the glow of perfect health. B. B. B. drains the poison out of the system so the symptoms cannot return. At the same time B. B. B. builds up the broken down constitution and improves the digestion. So sufferers may test B. B. B. a trial bottle will be given away free of charge. B. B. B. for sale by druggists at \$1 per large bottle, or 6 large bottles (full treatment) \$5. Complete directions with each bottle. For trial bottle, address BLOOD BALM CO., Atlanta, Ga. Describe trouble and free medical advice given. B. B. B. sold by R. C. Hardwick, Hopkinsville, Ky.

The L. & N. will sell round trip tickets to Lexington at a fare and a third July 18th, and for trains arriving at Lexington morning of July 19th, limited to July 22nd, account Democratic State Convention.

Freezing Weather in July

Would cause great discomfort and loss, but fortunately it is seldom known. A vast amount of misery is caused at this season, however, by impoverished blood, poor appetite and general debility. These conditions may be remedied by enriching the blood and toning the stomach with Hood's Sarsaparilla. This medicine seems to put new life into the whole physical system, simply because of its wonderful power to purify, enrich and vitalize the blood, create an appetite and invigorate the digestive functions. We advise you to get a bottle and try it if you are not feeling just right. It will do you more good than six weeks vacation. It is the best medicine money can buy.

HIS MOTHER-IN-LAW.
Louis Hirsch, of Milwaukee, establishes a Precedent in Matrimony.
Louis Hirsch of Milwaukee has broken all records and married his mother-in-law. Hirsch married the daughter of Mrs. Albertina Abraham. His wife died three months ago. Since her death Hirsch, who is a laborer, boarded with his mother-in-law.
Apparently he liked her cooking, for some time ago he proposed and she accepted him. They were to have been married by the pastor of Mrs. Abraham's church three weeks ago, but he refused to perform the ceremony. They were married Saturday by Justice Dulea.
The groom is thirty years of age and the bride thirty. The marriage was witnessed by Albert and Helena Schalsneider, the daughter and son-in-law of the bride.

STABLE FIRE.

Meacham's Livery Stable at Gracey Destroyed.

Horses All Rescued But Other Contents a Total Loss.

Gracey was visited by a disastrous fire at 9 o'clock Tuesday night, that destroyed J. P. Meacham's livery stable and a small tenement house adjacent. Another tenement house belonging to Meacham and the residence of T. J. Wall were greatly endangered, but saved by the hard work of a "bucket brigade."

Mr. Meacham's stable contained his livery outfit and supply of provender and his loss is estimated at \$2,000. He saved the horses but all of his vehicles and harness were lost and two Jersey calves were burned.

He had \$500 insurance on the stable, \$600 on the vehicles and feed stuff and \$100 on the tenement house, all with Long, Kelly & Starling's agency.

The origin of the fire is not known. It was first discovered in the hay loft in the second story.

Howard Dillard was prostrated by heat while fighting the fire and was confined to his bed all day the following day. He is now out of danger.

Mr. Meacham will rebuild at once and will resume business in temporary quarters as soon as possible. The stable was a large frame building, erected about eight years ago.

Our Mid-Summer CLEARANCE SALE

Now on and Ends August 10th.
A MONEY SAVING OPPORTUNITY!

We have inaugurated our Semi-Annual Clearance Sale on every item in our house, Dry Goods, Notions, Furnishing Goods, Millinery, Shoes, Etc., nothing reserved.

The mere announcement of the above fact we feel renders it entirely unnecessary for us to send out to you a large blanket advertisement, quoting a thousand and one prices. The long continued rainy spell has been the cause of our having to-day thousands of dollars worth of goods, more than we should have at this season. It is imperative therefore that we sell them even though many are sold at far less than they cost us. Some lines will be sold at HALF-PRICE, others ONE-FOURTH of their former prices, while all other lines in every department will be sold at what they cost us. Our goods are bought from the largest manufacturers and jobbers in this country and bought as cheaply as any competitor can buy them, hence these statements mean something. You may ask how we can afford to do this; we reply first we need money more than goods; secondly, if we do not sell thousands of dollars worth out of this present stock we can not store any Fall Stock of any consequence whatever; under such circumstances it is not therefore what we can afford, but it is to move these goods out of the house that confronts us; loss though it be to us to do so. Let us assure you then, that this letter is not sent out to attack or deceive in any sense, but we mean precisely what we say, and if saving 25 to 50 per cent. is any inducement for you to buy what you shall need in the next 30 days, we offer the opportunity in this sale. We will have a large corps of salesmen and sales-ladies, who will wait on you promptly as it may be possible to do so, and we hope you may be one of the many who will share in its benefits.

Yours Very Truly,

FOUND HANGING TO A TREE.

Some Blackberry Pickers Find an Unknown Dead Man Near Hawesville.

Hawesville, Ky., July 9.—At an early hour yesterday morning blackberry pickers on the Bommer farm, three miles above town, discovered a man hanging from an apple tree in the orchard.

The flesh was dropping from the bones and the man had evidently been hanging a week. He was about of ordinary size, smooth faced and gray haired. Near by was a small bundle, a tin plate and a spoon, all indicating that he was a weary, footsore traveler, who lay down his burden for rest.

A three-fourth inch rope was used and his feet were on the ground. The small emanating was unbearable and a hole was dug here he was found and the suicide was buried on the spot.

THE SUDANESE FEVER.

It Makes Those It Attacks "See Red" and Drives Them Into Violent Insanity.

Much attention has been called to the number of men in the army serving in the Philippines who have gone insane, says a New York paper. The government has sent a special commission out there to investigate the matter, and there has been talk of a mysterious disease called the "Sudaneese fever."

It is believed by some that this disease is peculiar to East Indian and African tropics; that it was there which caused Dr. Peters to get into trouble for killing Africans, and made the

MALAY HUNTING AMOOK A (Terrible Effects of the Disease Known as Sudaneese Fever.)

French officers in the interior of Africa recently slay other officers sent to their relief, is one theory. Everybody has heard of the Malay who runs amuck and, frenzied, kills right and left until he himself is killed. The word "amook" is a corruption of the Japanese word "amook," to kill. There seems to be no doubt that the Malay occasionally goes crazy through an overindulgence in opium or hashish, and, springing from his "amook," runs naked through the streets of his village, killing all whom he may meet.

When is a Malay village the cry "amook" is raised, it is like the cry of "mad dog!" in an American village, and the populace turn out with long bamboo spears to kill the man as soon as they can. But the "Sudaneese fever," if it exists, is another thing apparently. It may be that the disease which has afflicted white men in the Philippines and in equatorial Africa is only a variation of apoplexy, brought on by indulgence in hunting and stimulating foods.

The London Lancet recently had something about the alleged disease. People who had been afflicted with it and had recovered said that they had a sudden sensation of a desire to kill, and that they "saw red." A sudden afflux of blood to the head and the bursting of a blood vessel would produce in-

sanity or coma. In northern climes it more usually results in coma. In the tropics it seems to result in insanity.

All the soldiers of our army in the Philippines who have been sent back as insane have been violent. As a matter of fact, only 37 men who served in the Philippines went crazy and were brought back to the United States. Of these 11 recovered and were discharged. This "seeing red" seems to be a peculiarity of the Asiatic when he is excited violently. The Sikhs and the Gorkhas, the best fighters in the native Indian army, describe their feeling when in the charge in the frenzy of battle as "seeing red." It is probably due to an afflux of blood to the head, which congests the small veins of the eyeball.

TO SUCCEED WATSON.

Admiral George C. Remey Appointed Commander of the Asiatic Station of the Navy.

Admiral George C. Remey, who has been assigned to succeed Admiral Watson as commander of the Asiatic station, is an old sailor, who served in the union navy during the civil war and who was very useful to the department during the recent war with Spain. He

is an Iowa man and was appointed from that state to the naval academy at Annapolis in 1855. When the civil war began he was commissioned a lieutenant of the gunboat Marblehead in the South Atlantic blockading squadron. He was present at the siege of Yorktown and on several occasions engaged the batteries at long range. His ship was disabled just before the battle at West Point, Va., and the lieutenant was forced to witness the action as a mere look-on. He fought at Sullivan's Island, Battery Wagner, Fort Sumter and Fort Yreag. After the war the customary shifting life of the naval officer in times of peace led him to his lot. In 1885 he was made a captain and placed in charge of the Charleston squadron of evolution. The Spanish war and the many changes in the navy that followed it brought Remey up to the rank of Admiral.
